

## ATTENDEE INFO

### METALWORKING TECHNOLOGY FOR THE MIDWEST MARKET

Wisconsin's biennial tool show, the largest industry trade show in the state, is back with more of everything—200,000+ sq. ft. of exhibit space crammed full of machine tools and related technologies under power and producing parts. It's a machine tool show the way it was meant to be—a place where you can see, shop and compare the world's technology all in one place. Now you will see the best of the big Chicago show without the parking problems, expensive admission, toll roads, or high entertainment and meal costs. Wisconsin's tool show is close to home, easy to get to, and staffed by industry experts you can rely on year round! **Discover changing technologies, evolving trends and other industry developments!**

### HELPING YOUR COMPANY STAY COMPETITIVE

New attractions and special interest areas make the Wisconsin Manufacturing & Technology Show more than just a metalworking trade show. This show will help you plan your company's future innovations in order to stay competitive:

- Review new products and solutions
- Amass up-to-the-minute info from FREE technical seminars
- Explore the benefits of outsourcing
- Comparison shop for new machinery
- Learn how to get the most out of the equipment you already own
- Conduct product research
- Shorten the buying process
- Meet face-to-face with quality suppliers and their representatives
- See all products and services under one roof
- Test-drive products for hands-on experience
- Develop wholesale sources
- Address your specific issues
- Create vendor lists
- Expand your knowledge with the experience

### > TYPES OF PRODUCTS ON DISPLAY

- Abrasives
- Adapters
- Air Filtration
- Assembly Power Tools
- Automated Manufacturing
- Boring Machines and Bars
- Cable Connectors
- Cleaning & Pretreatment Equipment
- CMMs
- CNC Machine Maintenance Coatings
- Controls, CAD/CAM Software
- Coolants & Lubricants
- Cutting Tools & Accessories
- Deburring & Surface Conditioning
- Drilling & Tapping Machines
- EDMs
- End Mills
- Flexible Manufacturing Systems
- Fluid Power Controls
- Forming Analysis
- Grinding Machines
- Hydraulics & Pneumatics
- Laser & Laser Systems
- Linear Slides
- Live Tooling
- Maintenance, Floor Scrubbers
- Machine Monitoring Systems
- Machine Safeguarding Equipment
- Machine Tool Accessories
- Machining Centers
- Marking and Stamping Systems
- Material Handling
- Measurement Testing, Inspection
- Metal Forming & Fabricating
- Milling Machines
- Polygon Turning Machines
- Powder Coating
- Power Drawbars

of industry experts  
**Millions of dollars worth of metalworking technology on display & under power in Milwaukee!**

### WHO YOU'LL MEET

The Wisconsin Manufacturing & Technology Show will feature displays, demonstrations, products and services presented by local, national and international companies. Knowledgeable distributors and builders of metalworking equipment will be on hand to answer your questions and to provide the information you need to increase your productivity and profitability. The Show also serves as a forum in which you can let machine tool builders know your needs—a forum in which you can effectively help shape the technology of tomorrow. This is an ideal opportunity for you to see machines under power, compare capabilities and get the facts you need to make informed buying decisions. It is the place to see all the leading companies under one roof.
